Confirmation

01 May 2023

We as HOKUETSU INDUSTRIES EUROPE B.V., hereby declare that the Airman mini excavators produced by Hitachi Construction are 100% the same in regards to quality and parts used and are being produced in the same factory on the same production line...

Depending on the options selected for the machines it goes without saying that the equipment fitted to the bare machines might be different..

Trusting to have informed you sufficiently,

Takashi Shibuya
Managing Director
HOKUETSU INDUSTRIES EUROPE B.V.
